

INTELLECTUAL WELLNESS JANUARY & FEBRUARY 2015

“Intellectual Wellness” is engaging an individual in creative and stimulating mental activities to expand their knowledge and skills. It helps you discover the potential for sharing your gifts and talents with others. It’s involving us in creative and stimulating mental activities, continuously learning and growing from experience. By travelling this Wellness path, you can explore issues related to problem solving, creativity, and learning.

Track your intellectual activities below and accumulate points that are transferred onto your KEI Wellness Passport for both January and February 2015 and earn you Health Service spending account (HSSA) dollars.
